

2020 Mimi Siegel Fellowship Announcement

We are pleased to announce that Katherine Younger has been selected as our 2020 Mimi Siegel Fellow! The Fellowship was established in 2018 to honor Mimi Siegel's 40 years of leadership at Kindering.

Katherine joins Crystal Leanderson as Kindering's second Fellow and will begin embarking on her post-graduate studies, to earn a doctorate in Speech-Language Pathology, soon. We are humbled and excited to see our Fellows continue to infuse Mimi's legacy of learning into the next generation of thought leaders at Kindering.

Katherine says, "The past three years I have spent at Kindering have brought me so much joy as I have joined parents in celebrating the successes along their child's journey. I am so grateful to have Kindering's support through the Mimi Siegel Fellowship so that I can have the opportunity to continue to grow as a clinician and discover new, innovative ways to support parents in helping their children to grow and learn."

This Fellowship will allow me to find ways to provide families of culturally and linguistically diverse backgrounds with services of the highest quality to support them in giving their child the skills to soar."

Congrats Katherine!
